- NOTES**
1. This drawing should only be read in relation to the subject of the title. Other information shown on the drawing is to be considered indicative only. Reference should be made to appropriate drawing series for information.
 2. These drawings represent the outline drainage design based on the current understanding of the existing surface water drainage regime following a desktop review. Further detail will become apparent as a result of drainage surveys. Detailed design of the surface water drainage will be undertaken by the Project Company, and will be controlled by planning conditions and Local Authority Planning approval.
 3. If this drawing has been received electronically it is the recipients responsibility to print the document to the correct scale.
 4. Do not scale from this drawing.
