

**KEY PLAN**

**USER NOTES**

This map has been produced in accordance with PPS25: Development and Flood Risk.

This map indicates key results of the Halton Council SFRA. It includes the location of Main Rivers and Flood Zones, including areas of Functional Floodplain (as defined in Annex D Table D.1 of PPS25), within the local authority area. Also shown are the allocated (or potential) development sites.

PPS25 defines three basic Flood Zones; Flood Zones 1, 2 and 3. These correspond to areas of low, medium and high flood risk, respectively. The Flood Zones used are the Environment Agency's Flood Map. They indicate the extent of flooding from fluvial and tidal sources. The extent of flooding does not take the flood limiting effect of flood defences into account.
